"We make hand-crafted Australian spirits, imbued with a story, but the difference is us. We're not trying to flood the market with just another gin; instead we're using our products as a medium to convey our stories, our narratives of time, place and flavour and giving you an opportunity to draw on your own experiences from that." Mel Sheard

Imbue Distillery's core gin range is accompanied by seasonal liqueur releases which are great for mixing unique and delightful cocktail creations.

Sub-Urban Gin

40% ABV
700ml

Imbue distillery's inaugural gin - a smooth wheat-based spirit starring locally abundant, foraged botanicals from Melbourne's fringe suburbs, including dandelion, prickly pear, blackberry and fennel.

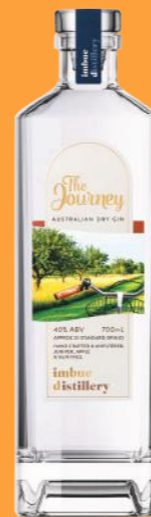

Suburban is boldly spicy, with the unmistakable pine aroma of juniper and the nutty warmth of coriander. Sunflower seed oils carry the grassy fennel and ginger heat through a burst of lemon to a crisp finish.

Journey Gin

40% ABV
700ml

Crisp, juicy apple is layered over woody juniper, finishing with a sweet spiciness from the native muntries—a prolific white flowering shrub with red/green berries.

Sub-Urban Barrel Aged Gin

40% ABV
700ml

This barrel-aged gin stars Imbue distillery's inaugural Suburban Gin, aged in our beautiful Oak Sherry barrels. Starring locally abundant, foraged botanicals from Melbourne's fringe suburbs, gently aged in a combination of Spanish Sherry casks and Aussie Apera barrels.

Elixir Gin Liqueur

40% ABV
700ml

Inspired by the lemon and honey tea we drink for colds + flu, The Elixir is a simple but delicious blend of juniper, Victorian honey and zingy lemon. Vanilla rounds the palate with its unmistakable perfume, harmonising the classic lemon and honey marriage.

All Seasons Gin Liqueur

40% ABV
700ml

This is our modern Australian take on a classic aniseed forward, barrel-aged liqueur, sweetened with Victorian honey. Delightfully smooth and syrupy with a warm blanket of spice and a hint of oak.

Bittersweet Liqueur

40% ABV
700ml

Scented with prickly pear and bitter orange, this contemporary Australian aperitivo comes in cute cacti stamped storage bag (best stored out of the sunlight or the brilliant hue may fade...but still taste delicious!)

Considered a noxious weed by some but delicacy by others, we forage the ripest, reddest prickly pears for this Aperitivo which has an intriguing balance of sweet melon notes and bitter earthiness with a luscious mouthfeel and all natural colour.
