

BREWED FOR HUMAN KIND

In a world that has been thrown
around on the roughest ride it's
ever been on – in our life time.
People locked-down, drank too much
and lost hope in the greater good.
The beneficial Beer Co is Founded on
the idea of kindness. To be kind to
our world and the humans that live
upon it when they need it most.

STONE COLD LAGER

"Classic all malt non-alc lager exhibiting traditional malt & estery yeast character as well as some subtle noble hop character. Lowish body balanced with soft bitterness.

Highly drinkable & beery"

Bruce Peachey (Dipl. Brew, Fellow IBD)

Co-Founder and Head-Brewer.

INBEERTWEENER

We've registered trademarked **INBEERTWEENER** because we are of the belief that most people don't need to cut alcohol completely, they just need to modify behaviour. So instead of have a glass of water or a soft drink in between a full strength beer, they can have a Non-Alcoholic beer that actually tastes like a beer, Or instead of having a full strength beer on a weekday you can have an **INBEERTWEENER** instead.
