Killara Distillery is owned and operated by Kristy Booth-Lark and is one of the few distilleries world-wide to be owned and operated by a female.

Killara is a boutique distillery producing premium quality, hand crafted single malt whisky and other premium spirits.

Each barrel of new malt whisky spirit is batch produced in the 600 litre copper pot still. With a strong focus on quality, all products are being made and bottled by hand.

Killara Distillery strives to source all the ingredients locally as well as utilising the services other local businesses like the still maker and the cooper.

Apothecary Gin

40% ABV
500ml

Produced using 10 different botanicals that are each individually distilled in a small copper pot still, the main botanicals are juniper, coriander, several different types of citrus and some native Australian botanicals.

It is full mouth coverage with a crisp clean finish. It is fantastic on its own and also goes well in a glass GnT, negroni, martini or dash of ruby grapefruit juice over ice.

Best mixed with Capi dry tonic or East Imperial Old World Tonic. Garnish with a slice of dried ruby grapefruit or slices of strawberry.

Apothecary Triple Juniper Gin

40% ABV
500ml

Triple Juniper Apothecary Gin is a small batch, hand crafted gin that has the same ten botanicals as the Original Apothecary Gin but with three times the amount of juniper!

This gives a big juniper kick right up the front that lingers. Fantastic in cocktails, with your favourite mixer or over ice with a slice of strawberry. For those who love extra juniper.

Apothecary Tasmanian Vodka

40% ABV
500ml

Distilled in small batches with Tasmanian Pepperberry and lemon, this Tasmanian flavoured vodka is crisp and clean with a light and delicate taste. Best served chilled with your favourite mixer or over ice.

Bush Liqueur

32% ABV
500ml

A modern twist to an old family recipe, Bush Liqueur – A spirit of warmth and spice, is made from Tasmanian Pepperberries that have been hand foraged in secret locations around Tasmania.
