

# WOLF LANE

DISTILLERY

Wolf Lane Distillery's ethos is to support local farmers and growers that opt for sustainable and organic farming. Supporting local allows them to create spirits that are truly unique and pay homage to tropical far north Queensland. They strive to create a range of gins that reflect where we live and use some of the amazing tropical fruits and botanicals that reflect the tropical paradise.

Wolf Lane's unique spirit range includes a davidson plum gin and a coffee liqueur that uses an extract made from 100% Australian single origin coffee from local roaster and grower Jaques Coffee Plantation in the tablelands, and their signature tropical gin, that vapour infuses fresh tropical fruits including ruby grapefruits, mango and finger lime – all of which are sourced within an hour's drive of the distillery.

## Tropical Gin

42.5% ABV  
500ml

Handcrafted in Cairns, containing thirteen botanicals.

The dry botanicals are steeped overnight - juniper, coriander seed, anjelica root, cinnamon, lemon myrtle, Tasmanian pepperberry, cardamom and macadamia

Locally sourced ruby grapefruit, mango, finger lime, lavender and mint are vapour infused in the gin basket.

The result is a perfectly balanced citrus-forward summer gin.

## Navy Strength

58% ABV  
500ml

Our Navy Strength Gin pays homage to when gin was drunk by the Royal Navy officers and sailors alike whilst exploring the high seas.

At 118 proof (58%), this gin packs a punch with strong notes of finger limes and ruby grapefruit. It will make a sailor out of you yet!

## Davidson Plum

37.5% ABV  
500ml

Our tropical take on a traditional sloe gin; swapping sloe berries for locally grown Far North Queensland Davidson Plums.

The plums are steeped for up to 3 months to produce a truly unique sloe style gin at full strength. With an earthy aroma that is reminiscent of plum jam, stewed rhubarb and a touch of sweetness. It makes for a perfect after dinner gin.

## Barista Coffee Liqueur

22% ABV  
500ml

The hipster of the pack. Our premium coffee liqueur uses pure Australian single origin coffee sourced from Far a North Queensland.

Bold in flavour with subtle hints of vanilla and a touch of sweetness. The Barista is best served on ice or makes a delicious espresso martini!
